CREDIT CARDS ONLY - NO CASH

[Entry Express](#) is a new online way to purchase entries designed by ACBL. You can use this program to reserve your seat and pay in advance. You can also cancel or change a registration if, for example, you want to play in Open Pairs instead of Gold Rush. Once you have purchased your entry through Entry Express, when you arrive on site, you first need to check in at the Covid VAX table and then go to the designated computer to find your table assignment. This is a great way to avoid lines. Our link will not be activated until about August 1, so check the D6 website near that date to use **Entry Express**.
